

*We worked with Roxi to complete two real estate transactions. She helped us both sell a property and buy another. She is extremely client-focused, committed and professional. Her objectivity in ensuring that we viewed a number of properties before making our final purchase further demonstrated her customer-centered approach. She was easy to access and went the "extra" mile to ensure our satisfaction. We would highly recommend her services."*

*Roxi has been working hard to help us sell our BC Mountain acreage. We are a family of three owners, and she took the time, right from the start, to listen to all of our needs. In developing a sales strategy for our property, she explained all the details clearly and gave us sage advice on how to meet our objectives. We have found her to be very hard working: she attends all showings of our house (even if it's for another agent), and created a comprehensive marketing plan including advertising our property in local and out-of-town papers, and promotes our home at a variety of trade-show events in Alberta. We were impressed with how creatively she presented our home and property in her listings, assembling attractive photos that show the property's true character. We really enjoy working with her, and would definitely recommend Roxi to anyone looking to sell their home.*

*Just a short note to thank you for all you have done for our family. Your caring, patient, professional attitude shone through & made our home purchase here in Cranbrook as easy as it could have been.*
